

TRUSTEES' MEETING

PASS RESOLUTION SETTING FORTH PLANS FOR FIRE BOND ELECTION

The Board of Trustees met in regular session at the City Hall at 8:20 p. m., October 18, 1917. All members present at roll call.

The minutes of the last regular meeting were read and approved.

On motion it was ordered that bids for the improvement of a portion of Milford street be opened at this time, read and publicly declared.

Bids were opened and read, and, on motion, referred to the City Engineer.

A communication was read from the F. P. Newport Company, accompanied by a map showing the resubdivision of tract No. 250, formerly known as Glendale Heights. The communication called attention to many changes made by the resubdivision, and requesting the vacation of Avenues F, E, D, C and B as shown on map of tracts No. 250 and 2132; also requesting the vacation of a portion of Bonita drive and of the whole of certain other streets and alleys. Mr. F. P. Newport addressed the board in explanation of the company's plans. On motion of Trustee Jackson, the communication was referred to the City Engineer to investigate, and, if found correct, to prepare the necessary papers for the vacation as requested.

A communication was read from Winifred F. Marr, informing the board that on October 11 it had been agreed in open court that the case of Marr vs. the city of Glendale et al. should be tried on plaintiff's petition and amendment filed June 20, 1917. Referred to City Attorney.

An application was read from Hugh Cornwell, requesting permission to hunt within the city of Glendale. On motion of Trustee Grist, granted.

A communication was presented to the board by F. H. Lowe, City Recorder, calling attention to the fact that William Morgan had been sentenced to pay a fine of \$100 and confinement in the county jail for 30 days, execution of the sentence being suspended during good behavior, the offense being a violation of Section 6 of Ordinance 65 of the city of Glendale. On motion of Trustee Muhleman, the communication was referred to the committee of the whole.

Report of the Health Officer for the month of September was received, read and ordered to be filed.

The City Engineer made a report on bids received for the improvement of a portion of Milford street, and read the resolution of award of contract. On motion of Trustee Muhleman, the resolution was adopted as read, being Resolution No. 919, "A Resolution of Award of Contract."

The City Engineer reported that all of the assessments for the opening and widening of Broadway had been paid, with the exception of two approximating about \$23.

He reported that he had been requested by Mr. Jones, an expert employed in connection with the water case, to furnish certain data in connection with Verdugo canyon. Upon motion of Trustee Muhleman, the City Engineer was instructed to make the surveys in Verdugo canyon as requested by Mr. Jones.

On motion of Trustee Grist, it was ordered that the sum of \$90 be appropriated from the advertising and promotion fund for the payment of six months' rent for the room occupied by the Chamber of Commerce.

Trustee Jackson excused at 9:55 p. m.

Trustee Thompson reported the action of a meeting held at the Chamber of Commerce rooms on the previous evening, at which it was suggested that in order to give information to the people in regard to the proposed bond issue it would be well for the Trustees to go on record as to their plans in connection with the purchase of apparatus for the fire department in event that the fire bonds are authorized to be issued. He had, therefore, requested the City Manager to prepare a resolution on the subject, which resolution was ordered to be read, and, upon being read, was, on motion of Trustee Grist, adopted, the resolution being as follows:

WHEREAS, The Board of Trustees in regular session, September 11, 1917, did, upon motion of Trustee Muhleman, instruct the City Manager to present to the board at its next meeting, an estimate of the amount required to secure for the city adequate fire fighting apparatus and equipment; and

WHEREAS, The City Manager pursuant to said instructions, did present to said Board of Trustees on September 13th, 1917, a report accompanied by an estimate of the cost

CHEAPER ELECTRICITY

PUBLIC SERVICE DEPARTMENT REDUCES ELECTRIC RATE—TO ATTRACT INDUSTRIES

With the establishment of the new charges for electricity, Glendale is especially favored in the way of utility rates. We now have a combination of water and electric rates that is lower than any we know of in the state.

The reduction in charge for electricity comes as a pleasant and unexpected surprise to most of us. In this era of increasing prices a reduction of any sort is hardly to be expected and is certainly deserving of careful consideration.

It is easy to see that this low rate will be very beneficial to Glendale in a number of ways. It will enable our people to use all the electricity they want and still keep their bills within reason. Almost the first questions asked by newcomers are: "What are your water and light and gas rates?" And upon the answer to these questions often hinges the decisions as to their permanency.

Perhaps the most important influence on the future of Glendale will be the inducement these rates should have in attracting new industries. Glendale needs industries. For a city to be up to date and prosperous it is necessary that it should be wide-awake, alive and teeming with activity. The presence of the proper kind of industries has just this effect on a community. It furnishes a substantial backbone and gives a city a general air of permanent prosperity.

This evidence of industrial activity is very effective in inviting new capital and creating new growth.

New, then, we have cheap water and cheaper electricity than any town in California. Two very important factors in manufacturing. Our location is ideal and conditions are right. Let's get together and carefully and consistently go after and get some industries.

MRS. MELFORD HOSTESS.

The shower given on Thursday afternoon by Mrs. Geo. H. Melford at her home, 1954 Hillcrest Road, for her sister, Mrs. Chas. Werner, was a very lovely and elaborate affair. About 31 guests, most of whom were from Glendale, were entertained at a delightful, four course luncheon, followed by a pleasant social afternoon. The house was beautifully decorated with pink and white chrysanthemums in the living room, music room and sun parlor, and pink carnations with ferns in the reception hall and dining room. In the reception room a great stuffed stork, three feet in height stood in the center of the table which represented a little pond with tiny kelpie babies resting in the floating lilies. Five smaller storks also stood among the lilies. Pink ribbons held in the mouth of the large stork led to the big, cretonne covered baby box before the table which contained a veritable fairy shower of lovely gifts of dainty, fluffy baby things. In the dining room, besides the table decorations the chair of the guest of honor was a bower of carnations and ferns.

EXCITING EXPERIENCE

Mr. and Mrs. Topliff, of 143 Elrose avenue, with their daughter, Mrs. H. V. Adams, and Miss Irene Adams, underwent a most exciting experience on Thursday while on a motor trip to Loma Linda to visit Mrs. Gordon Wheatley, who is teaching there and who is another daughter of Mr. and Mrs. Topliff. The trip had been successful as far as Claremont, when a desert sand storm was encountered and the machine was stopped in order to put up the side curtains. At that very moment a triple collision occurred between a Los Angeles stage and two other cars, one coming from each direction, and only the expert driving of Miss Adams saved her party from participating in the tragedy. Five were hurt, and the Glendale car being the only able-bodied craft in the locality, loaded up the wounded and returned them to Glendale for treatment. Mr. and Mrs. Topliff and their family returned home, grateful indeed for their narrow escape and willing to postpone their trip till another day.

This is the newest development in ruthless undersea warfare. After filling their holds the submarines race back to the German base with their booty.

GET-TOGETHER LUNCH

NINETY GLENDALE BUSINESS AND PROFESSIONAL MEN LUNCH TOGETHER

Ninety business and professional men of the Glendale community met together at a noon luncheon Thursday in the spacious dining room of the Masonic Temple. The luncheon was served by the ladies of the Christian church, and comprised hot chicken pie, potatoes and gravy, beans, salad, apple pie and ice cream and coffee. The service was prompt, the food well cooked and an abundance of it. The tables were beautifully decorated with flowers of bright colors, harmonizing with the spirit of the occasion.

The luncheon was the outgrowth of the merchants' booster week as being conducted by the Evening News and was observed for the purpose of bringing the business and professional men of the community together for an hour and a half, that they might meet one another face to face, get acquainted and have an exchange of ideas on general business subjects in which all have a common interest. RED CROSS CONCERTS

CAMPAIGN STARTS FOR WINTER'S MONEY GETTING EFFORTS

The chairman of the Red Cross entertainment committee, Dr. Henry R. Harrower, announces that plans are made for an aggressive entertainment campaign during the winter months for the purpose of raising funds for the local Red Cross.

The first concert will be given in the Glendale Union High School auditorium Monday evening, October 29, at 8 o'clock, and we are assured that the program will be well worth coming to hear. It is planned to have a monthly entertainment, and four out of the six are already fully outlined. The second entertainment will be by the Modern Drama Players of Los Angeles, who will present a patriotic play entitled, "Somewhere in France," which is said to be both thrilling and amusing. The exact date is not given, but it will be late in November. It is expected that the third entertainment will be a grand sacred concert near Christmas, and, if nothing interferes, it will be given in the new M. E. church.

Besides this series, for which tickets are now obtainable at the Red Cross headquarters or at Roberts & Echols' drug store (price \$1.50 for a 50-cent seat at each of the six concerts), a little folks' concert is being arranged, the whole affair to be given by small children. Children will be invited to pay their own admission of 5 cents and parents will be taxed 15 cents. Look for this early in November.

Dr. Harrower has delegated to Mr. H. H. Faries the job of running a series of card parties, and we understand that the first of these will come off before the end of this month, with others to follow in various localities at longer or shorter intervals.

Mrs. Bachman, of West Ninth street, will produce several dances during the winter, the first of which is set for Saturday evening, October 27, at her residence. This will be a barn dance and Halloween party, and those who attend are asked to come in farm clothes and to be ready to consume cider and pumpkin pie. May be doughnuts as well.

Still another phase of nickel-comb-ing activity will be under the direction of Mrs. G. A. Whitaker. This will be a big Red Cross bazar and fete, set for the first week in December. Suitable gifts for sale should be looked up to make and a great drive to round up these things for the ultimate benefit of the Red Cross, will be begun early in November.

It is hoped that the money secured in these ways—and it is expected to net over a thousand dollars before spring, will come easily, for excellent value will be given in return for every cent and no pains will be spared to anaesthize of the folks fully while the money separating operation is carried out. The chief anaesthetic will be clean, wholesome amusement, and the preliminary treatment will be the instillation of patriotism. Let us all help make the Red Cross entertainments a success.

HANDKERCHIEF SHOWER

Miss Sara Hommer and Miss Olive Pixley entertained at the latter's home, 1216 Lomita avenue, on Saturday evening, with a handkerchief shower in honor of Miss Addie Mid-calf, whose engagement to Mr. Fred O. Haskell of Los Angeles was recently announced. The rooms were tastefully decorated with flowers and ferns, while the lawn and porches were gay with colored lanterns. Flowers, games, refreshments and favors all carried out the color scheme of pink and white.

The guests drank to the happiness of the coming bride in delicious fruit punch, all standing around the table, where a ribbon led from each to the honoree. Then there was a toast to Mrs. George W. Martin, one of our recent brides, who leaves for Montrose, Colo., in a few days.

After the many dainty packages had been opened and duly admired, there were games, music and general merriment during the evening, and a good time was enjoyed by all.

Out of town guests were Miss Mildred Cary of Los Angeles and Mrs. Van Leuven of Burbank. From Glendale were the Misses Addie Midcalf, Clara Midcalf, Elva Spencer, Susan Taggart, Zella Keim, Rosa Peck, Gertrude Champlain, Eva Daniels, Margaret Smith, Sara Hommer and Olive Pixley and Mrs. George Lyons, Mrs. Baxter, Mrs. George Martin, Mrs. Hommer and Mrs. Pixley.

The regular annual open meeting of the Juvenile Protective Association will be held Saturday, October 20, at 3 p. m., in the Clark Hotel.

The City Manager reported having seen General Agent Reed, of the Wells Fargo Express Company, in regard to the extension of that company's free delivery limits in the city of Glendale, and that that gentleman had agreed to come out and look the ground over and decide what his company could do in the matter.
The City Manager reported having written to Supervisor Dodge in regard to the suggestion of that gentleman that the city of Glendale contribute to the construction of the Ivanhoe bridge, and that later he had received a letter from the Supervisor advising him of the fact that the city of Los Angeles had requested of the county the payment of the \$5000 which the county had agreed to contribute to the construction of said bridge, by which it was inferred that the city of Los Angeles proposed to go ahead with the project.
The City Manager recommended the transfer of the following amounts to the general fund from the funds specified below, and, on motion of Trustee Muhleman, it was ordered that the following transfers of funds be made to the general fund:
Seventh street opening and widening, \$230.90.
Dog fund, \$126.08.
Broadway opening and widening, \$400.
The City Manager reported that it is advisable that a number of chairs be secured for the new office of the City Recorder, and that an opportunity is offered to secure a small lot of chairs at a very low figure, and, on motion of Trustee Muhleman, the purchase of the same was referred to the supply committee and the City Manager.
The manager of the Public Service Department made a statement to the effect that it is desirable that there be a reduction of rates charged for the electricity supplied by his department, and presented a resolution, which was read and, on motion of Trustee Woodberry, adopted.
The City Attorney reported the progress of the matter of the opening of Sycamore canyon road, to the effect that the judgment will be rendered by the court at once.
Also reported having filed a suit in the Superior Court in the name of the city marshal for the purpose of getting a ruling in regard to the liquor ordinance, the case to be heard on the 24th inst.
A motion of Trustee Muhleman was adopted, authorizing the City Attorney to appear in court, representing the interest of the city in this case, and that the costs and expenses of the same be payable from the general fund.
Demands were reported back with the approval of the finance committee and warrants ordered to be issued in payment of the same, by the vote of all members present.

dale, returned on Thursday from a
week's vacation spent at Redondo
Beach.

serman, will be glad to know that she
expects to spend the winter in Glen-
dale. Mrs. Bosserman is expected in
the near future.

Mrs. W. C. Buchanan, of 740 Glen-
dale avenue, has as her guest Miss
Terrell of Holden, Mo. Miss Terrell
expects to spend the winter here, as
she has been accustomed to do for
several years past. She has many
friends in Glendale and enjoys get-
ting back. She arrived on Thursday.

Little Miss Josephine Franklin,
daughter of Mr. and Mrs. Blake
Franklin, 1408 West Third street,
who has been quite ill during the
last week, is now improving and it is
hoped that she will be able to be back
in school next week.

Mr. E. H. Kerker, of the De Luxe
apartments, returned Thursday even-
ing from a very much needed ten
days' vacation at Hermosa Beach. Mr.
Kerker is much improved in health
and reports the fishing most excel-
lent, in proof of which he brought
with him twenty pounds of yellow fin
caught the evening before his return.

At the meeting of the East Side
Red Cross Unit, No. 1, at the home of
Mrs. Ben Nichols, 223 South Adams
street, on Thursday afternoon, there
were 16 busy ladies, all sewing and
knitting for the cause most industri-
ously. These meetings are proving a
distinct success, both socially and in-
dustrially, so to speak.

Mrs. Mary D. O'Brien and Mrs. T.
F. Ferry, of 536 Acacia, and Mrs.
Schultz of Eagle Rock, with the chil-
dren of both families, spent the day
on Thursday at Griffith Park. There
were ten little folks, all under school
age, at the picnic, which was a great
success, with a good lunch and a good
time for everybody.

Mrs. F. W. Anderson, of 503 West
Third street, had as her guests on
Tuesday afternoon Mrs. C. R. Norton
and Mrs. L. H. Jones of Glendale, and
Mrs. Will Peterson and baby Dottie
and Mrs. Anna Patterson of Tropicco.
The afternoon was spent in needle-
work. Refreshments of cocoa and
wafers were served. A very pleas-
ant afternoon was enjoyed by all.

Mr. and Mrs. H. H. Dryer have re-
cently moved from 214 Cedar street
and are now living in the Ritchie
apartments, on Fifth street. Henry
Dryer, younger of the two sons of
Mr. and Mrs. Dryer, who has been
stationed on Mare Island for some
time, has been put on board the Buf-
falo, a boat belonging to the Asiatic
squadron, and has not been heard
from since sailing two weeks ago.
William is still at Mare Island.

Mr. and Mrs. Charles Park of San
Francisco spent the day on Sunday
with Mr. Park's cousins, Mrs. F. O.
Moore and her sister, Mrs. M. C. Hier-
onymus, of 1008 Broadway. Mr. Park
was on a business trip for his San
Francisco firm. He has only one arm,
but does not allow this difficulty to
interfere with a very active life, and
succeeds in earning his generous sal-
ary as a buyer of pipes and machin-
ery.

The Misses Alma and Violet Turn-
er, of 1446 Vine street, gave a very
successful house party at their cabin
in Santa Anita canyon over the week
end. The party consisted of ten, all
Glendale and Los Angeles people. Mr.
and Mrs. Earl Bryant, of 1461 Vine
street, were the chaperones. The party
motored to Sierra Madre and from
there "hiked" the six miles to the
cabin. On their return Sunday even-
ing the guests all reported a splendid
time.

The Missionary Society of the Con-
gregational church met on Thursday
afternoon at the home of Mrs. Earl
Schuyler, 1430 Ivy street. Twenty-
four members were present and en-
joyed an interesting talk by the
speaker of the afternoon, Mrs. Hoyt,
of Eagle Rock, who spoke on "Mis-
sion Study." Mrs. Shawhan of Pas-
adena also gave a ten-minute talk on
the big laymen's convention to be held
in Pasadena on November 18, 19 and
20. After the program the hostess
served very nice refreshments while
the ladies enjoyed a social half hour.

tober 30. Attorney Frederick Baker
spoke ten minutes on the Liberty
bond question.

A very pleasant feature of the pro-
gram was every man in tur naring
and announcing his business address
and the business in which he is en-
gaged. It was the unanimous opin-
ion of all present that these "get-

BROADWAY P.-T. A.

At the usual monthly meeting of
the Broadway School P.-T. A. Dr.
Henry R. Harrower spoke on behalf
of the Red Cross. At the close of his
interesting remarks he asked for the
privilege of changing the subject,
and spent ten minutes urging the co-
operation of those present in secur-
ing the passage of the election for
the fire protection bonds. He gave
figures which showed that the pres-
ent facilities in Glendale are alto-
gether inadequate and a disgrace to
the city. Following these remarks
Mr. Henry C. Jaacks, a visitor in
Glendale, who happened to be pres-
ent, corroborated all that had just
been said. Mr. Jaacks was for years
a captain in the fire department in
Omaha, Neb., and made some very
trite statements about the insufficient
fire department here. He promised
to use every opportunity to stimulate
interest in the most necessary addi-
tions to the staff and apparatus in
the local fire station. If one can
judge from the expressions at this
meeting the bonds will surely carry.

A Lesson For Us All

A banking man of Tropicco, who owned a classy auto, forgot to
have it re-insured although he knew he'd ought to; and when a rascal
drove it off, Dan felt like 30c; his mental attitude just then was
certainly intense. And when, by luck, he got it back and put it in its
stall, you bet he had that car insured—a lesson for us all.

NEW RATE FOR ELECTRICITY IN GLENDALE

—the Public Service Department of the City of Glendale announces a new and materially Reduced Rate for Electric Current within the city limits of Glendale.

—this reduction coming in the face of skyrocketing prices, increased material and labor costs, and surrounded by a general upward trend of the cost of doing business, is deserving of careful consideration.

—this rate is a complete departure from the usual form of utility rates and has been determined only after a great amount of study and investigation. Our idea has been to establish a rate that will permit and encourage the generous use of electricity for all purposes.

—we respectfully present the following rate which will be charged for electricity within the City of Glendale:

EFFECTIVE IMMEDIATELY

50 CENT SERVICE CHARGE (this is to cover the cost of maintaining service, reading meters, billing, collecting, etc.)

2 CENTS PER KILOWATT HOUR
for the first 100 Kilowatt Hours

1 CENT PER KILOWATT HOUR
for all over 100 Kilowatt Hours

—this rate is the lowest we know of for domestic service. To use it to the best advantage it is advisable to employ electricity for all purposes including Cooking — Special Heating—and Water Heating.
